

SAMUEL ADU

Frontend Developer

Lagos, Nigeria | 0803-152-2927 | theadusamuel@gmail.com | www.samueladu.com

SUMMARY

Highly motivated and dedicated Frontend Developer with a strong passion for creating exceptional user experiences. Proficient in HTML, CSS, JavaScript, and React, I have a solid foundation in frontend development principles and technologies. With a keen eye for detail and a drive for continuous learning, I am committed to delivering high-quality code and staying up-to-date with emerging industry trends. As a collaborative team player, I am Ready to contribute to the success of projects and grow as a Frontend Developer.

SKILLS

- **Programming Languages:** JavaScript, HTML, CSS
- **Frameworks & Libraries:** NextJS, ReactJS, TailwindCSS
- **Tools & Platforms:** Git, GitHub, Vercel, Figma

PROJECTS

[My Portfolio Website](#)

Website showcasing some personal projects I built | **NextJS, TailwindCSS**

- Built using NextJS
- Used TailwindCSS for styling
- Built using a mobile-first development approach

[Todo App](#)

The classic Todo App with light/dark theme toggle | **React Context API**

- Used Context API to manage theme state
- Used custom CSS to style for the checkbox in the checked state
- Built this using the mobile-first development approach and responsive in all screen sizes

[Space Tourism Website](#)

A fully responsive multipage space tourism website | **React, React Router**

- Built using the mobile-first development approach and responsive in all screen sizes
- Used React Router to navigate the different pages on the website making it a single-page app
- All the information on the website is loaded from a JSON file

[Tenzies Game](#)

A fun dice game that can be played at leisure | **React**

- Built this app using React
- Used the react-confetti library to display confetti when the game is won
- Used the nano-id library to attach an ID to each die number

EDUCATION

Federal University Of Technology, Akure
