Highly motivated and dedicated Frontend Developer passionate about creating exceptional user experiences. Proficient in HTML, CSS, JavaScript, and React, I have a solid foundation in frontend development principles and technologies. With a keen eye for detail and a drive for continuous learning, I am committed to delivering high-quality code and staying up-to-date with emerging industry trends.

Skills

- Programming Languages: TypeScript, JavaScript, HTML, CSS
- Libraries & Frameworks: React, Next.js, Tailwind, BootStrap
- Tools & Platforms: Git, GitHub, Jira, Vercel, Figma

Relevant Experience

Junior Frontend Developer   **Orda Africa**   **2022 – 2023**

Lagos, Nigeria

- Created reusable react components to reduce code duplication and ease future maintenance.
- Developed a single-page application(SPA) using React and TypeScript that enabled users to easily access the company's resources.
- Created and maintained technical documentation and user guides.
- Collaborated with UI/UX designers to implement designs ensuring a visually appealing and user-friendly interface.
- Converted Figma designs into front-end code with HTML, CSS, and JavaScript
- Utilized Git version control systems to manage code and collaborate with team members.
- Assisted with maintaining existing web applications, including bug fixes and updates.
- Contributed to project planning, estimation, and execution, under the guidance of senior developers.
- Collaborated with the back-end developers to map out the structure and design of API responses.
- Collaborated with back-end developers to integrate UI components with APIs and databases.

Education

- **B. Tech. Statistics,** Federal University of Technology, Akure.   **2010 – 2016**

Interests

- I love playing chess, video games, and Football.
